Purpose of Role: To safely operate a tractor and b-train tank trailers, including loading/unloading at client sites while adhering to the company and client procedures necessary to transport molten sulphur within the boundaries of Alberta.

CORE RESPONSIBILITIES

- Safe operation of tractor and b-train trailer configuration on various road conditions throughout Alberta including utilization of tire chains when required.
- Transport, load and unload molten sulphur in safe and professional manner while following Company and site specific procedures.
- Perform thorough daily provincial HOS logs and vehicle inspections as per regulations.
- Accurately complete and submit all company and customer required documents within the required timelines.
- Report any hazards, infractions, breach of protocols or maintenance issues and submit to Dispatch.
- Actively participate in tailgate meetings and attend all required safety meetings.
- Assist the operation with other tasks deemed necessary to meet customer expectations
- Present yourself and Tiger as the model to which others should follow.

REQUIRED QUALIFICATIONS, WORK EXPERIENCE, SKILLS

- Valid Class 1 or AZ professional driver's licence with air endorsement.
- Current 5 year commercial driver's abstract.
- A minimum 3 years of consecutive b-train experience or 5 years commercial experience.
- Safety conscious and understand the importance of safe work practices on and off the road
- Strong English verbal and written communication skills
- Competent knowledge of NSC regulations including Hours of Service, Vehicle Inspections and Load Securement.
- Ability to demonstrate how to properly install and take off tire chains.
- Ability to successfully complete a mask fit test and willingness to work under supplied air if required.
- Familiar with VHF Two – way radio communication
- Strong time management skills
- Basic knowledge of mobile technology, able to send and receive text messages, email and documents as required.

PHYSICAL REQUIREMENTS / WORK CONDITIONS

Physical Requirements

- Comfortable with heights, including the ability to climb up and down ladders on trailers.
- Modest physical exertion, pulling, bending, crouching, stooping and lifting + 50 pounds, sitting for extended periods of time.

Working Conditions:

- Willing to work days, nights and rotating shifts
- Exposure to adverse weather and road conditions
- Working under supplied air.

This Position Description In No Way States Or Implies That These Are The Only Core Responsibilities To Be Performed By The Employee Occupying this position. Employees will be required to perform any other job-related duties assigned by their supervisor. All safety sensitive positions will require pre-employment drug and alcohol screening.
